

APPLICANT VISIT DAY SCHEDULE

**School of Computing, Science and Engineering
Sound and Video Technology Undergraduate Applicant Visit Day
Wednesday 14 March 2018, 2.15pm – 4.15pm**

This event is for applicants holding offers for:

BSc Professional Sound and Video Technology

Event details:

2.15pm – 2.35pm: Welcome to Professional Sound and Video Technology

2.35pm – 3.55pm Sample workshops and demonstrations

These workshops and demonstrations will give you a flavour of the main strands of the programme: sound and video. They will show you what it might be like to study on the programme by giving you a mix of both the creative and technical experiences.

2.35pm – 3.15pm Workshop 1 – TV and Radio

This workshop will take place in the TV Studios, or in a filming space, where you will have the opportunity to experience the production of a live TV programme from the director's point of view in the gallery, or as an introduction to video production.

3.15pm – 3.55pm Workshop 2 - Sound Design

We will use our Audio Video Post-Production suite to explain the underlying principles of surround sound and use the ProTools desk to create a short sound design for a piece of animation. You will have the opportunity for 'hands on' at the desk and also at producing voice-overs and Foley sounds.

3.55pm – 4.15pm: Q&A

A chance to ask academic staff and current students anything you want to know about the course.
