

ADVANCED MEDICAL IMAGING: ADVANCED PROCEDURES

KEY FACTS

The Advanced Procedures (AP) module is a 15 credit broad, flexible module which allows you to study one of a range of specialised techniques including for example; Cardiac Stress, Gastrointestinal and Fluoroscopic Practice, Arthrograms, CTC, Breast Intervention and HSG. It offers a structured pathway to develop your Scope of Practice, developing skills of critical reflection for personal and professional development. This module can be adapted to suit a variety of clinical requirements and is not limited to the subjects listed above. Contact the module leader for further information.

OUR TEAM

Our team consist of a broad range of expert individuals and external professionals who hold honorary appointments with the University of Salford. Together with additional support from expert Clinical colleagues from supporting fields including Advanced Practice Radiographers, Radiologists, Speech and Language Therapists we provide a structured support mechanism throughout your Imaging Pathway.

DELIVERY

Attendance Dates

/ 9 - 11 September 2019

/ 3 - 4 February 2020

The remainder of the module will consist of independent learning.

Assessment

May 2020

Clinical Placement

A clinical placement with access to a clinical caseload and the support of a clinical mentor will be required.

Independent Learning

In line with the national QAA post-graduate learning descriptors you are expected to develop skills in independent learning, and this module will support you in achieving this.

Debra Weir
D.Weir@salford.ac.uk

Module Leader: Advanced Procedures

Dr Claire Mercer
c.e.mercer@salford.ac.uk

Programme Leader: Advanced Medical Imaging

COURSE FEES

The course fees include all tuition and assessment fees, virtual and actual access to all the library facilities, including our on-line virtual learning environment "Blackboard", and one re-assessment if required.

Advanced Procedures Single Module (15credits)
/ £648

Taken as part of a full pathway:

PgCert in Advanced Medical Imaging (60 credits)
/ £2,592

PgDip in Advanced Medical Imaging (120 credits)
/ £5,184

MSc in Advanced Medical Imaging (180 credits)
/ £7,776

APPLICATION PROCESS

Applicants must apply for registration to the University in the following steps. If you are taking this as a single module only please skip step 1.

Step 1 - Registration

/ All applicants must register with the University
www.salford.ac.uk/apply-postgraduate

/ On the online application form:

/ Select Postgraduate Certificate, Select Course Name: Name: Postgraduate Certificate in Advanced Medical Imaging, Postgraduate Diploma in Advanced Medical Imaging or Master of Science in Advanced Medical Imaging depending on your mode of study

/ Within My documents, Miscellaneous Documents add a word document entitled Module Selection / Supporting Statement. Within this document clearly state the module/s that you wish to apply for and the specialism.

For example: I wish to apply for modules Principles of Advanced Practice and Advanced Procedures. My specialism is HSG

Step 2 - Confirmation of Funding

You must provide a purchase order number for the total amount of your module to our course administrator Barbara Henning on **b.a.henning@salford.ac.uk**

Step 3 - Verification of Clinical Requirements

You are required to complete a Verification of Clinical Requirements form to show that you have the relevant support on placement. This is located within www.salford.ac.uk/course-finder, Postgraduate Taught, Advanced Medical Imaging, Entry Requirements. Return this to Barbara Henning on **b.a.henning@salford.ac.uk**

SINGLE MODULE ENTRY: If you are taking this as a single module and not part of a Postgraduate Certificate / Diploma or Masters or are self funding then from **www.salford.ac.uk/advanced-medical-imaging**

/ Select 'Applying' down the left hand tab

/ Select 'Applying for a taught course'

/ Select 'Post Qualifying Health and Social Care Single Modules'

/ Within your Personal Statement please ensure to state the module you wish to apply for Advanced Procedures and your specialism for example HSG
