

MSc

# ENVIRONMENTAL ASSESSMENT AND MANAGEMENT

University of  
**Salford**  
MANCHESTER

In an increasingly unpredictable world, climate concern and environmental policy are at the heart of current global debate. This highly-relevant degree provides an opportunity for interdisciplinary postgraduate study of the management of global environmental issues.

MSc Environmental Assessment and Management offers a broad curriculum examining the relationships between human and natural components of the environment. You will develop alongside developing the capacity to implement measures for analysing and managing environmental impacts of organisations.

**ACCREDITED BY:**

**COURSE DELIVERY**

The course is available in flexible study formats, including full and part-time pathways. You will study eight core and optional modules plus a dissertation.

**Featured modules:**

- / Postgraduate Scholarship Skills
