Salford Estrangement Support Award

Academic year 2020/21

Salford Estrangement Support Award (For Students with No Family Support or Negative Support from Family)

Academic Year 2020/21

1. Award details

The award is to support a student's learning and living costs and is available to UK full-time and part-time students who are struggling financially, have declared themselves as estranged or having a negative or poor relationship with family and were under the age of 25 when starting their current programme of study at the University of Salford.

In Higher Education the word estrangement is used by Student Finance to describe a student with no relationship with either parent (adoptive or biological) and would not be able to provide information for means testing. At Salford we use a wider definition to include little, no or negative support from parents and carers. These students can also apply for this award.

2. Value

Eligible students will be awarded a one-off payment of £500. The £500 payment is in addition to any amount awarded by the [Salford Support Fund](#) from a standard assessment. This will be based on their application to the fund which will look at recent bank statements to assess spending and will take into consideration the need for further funds.

How many?

The Salford Estrangement Support Award is limited to 60 awards of £500 and will be awarded following an assessment by the Salford Support Fund Team.

3. Application process

Application to the Salford Estrangement Support Award will be through the standard [Salford Support Fund](#) application. This can be requested by contacting the askUS enquiries team on 0161 295 0023, option 2 followed by option 3 or visiting the askUS desk at University House. Please ensure that you tick the box on the form confirming your estrangement and upload your evidence.

4. Eligibility

To receive the Salford Estrangement Support Award, students must meet **all** the following criteria:

- Be verified as an estranged student or a student with no/negative support by the Student Experience & Support Team.

For the 2020/21 academic year students must:

The award will be given to those who meet the eligibility criteria at the University at the time of allocation (please note: there are only 60 awards available each academic year).

Those not eligible for this award:

- Students already in receipt of the Care Leaver Bursary.
- Students who have been assessed by the Salford Support Fund team as ineligible for financial support due to money mismanagement.

5. Verification of estrangement status

Verification will be undertaken by the Student Experience & Support Team, who will cross-reference information provided through UCAS, Online Registration and Student Finance. When necessary each student who has declared their status will be invited to attend a triage session to verify their status and eligibility for the Salford Estrangement Support Award.

Students who have self-declared as estranged will be asked to provide evidence. In line with recommendations from Standalone, the evidence may take the form of any of the following:

- A letter from a member of staff at school or college which explains that they knew about the difficult relationship whilst the student was at school and their subsequent estrangement.

- A letter from a housing support worker who may have helped the student find accommodation after they left home. A letter from a member of the clergy, a rabbi or imam explaining that they were aware of the difficulties in the student's family and their subsequent estrangement.
- A statement of incident from the Police that shows any call-outs, arrests or cautions involved in the case.
- Appropriate evidence for any student who is still in contact with their family but has a poor, controlling or negative relationship with them.
