Although you may have already registered with the Robert Kennedy College, you also need to register with the University of Salford. Registering with Salford is the only way that you can access your student email account and online library resources (SOLAR). You will be asked to register with Salford each year for the full length of your course.

Emails inviting you to register will be sent by **registration@salford.ac.uk**. Simply follow the instructions within the email to complete your registration online. Reminder emails will be sent to you if you have not completed the full registration process with the University; please act on these emails as they are very important!

If you do not register on time with Salford, then your account will be closed. This may also impact on your ability to continue accessing the Robert Kennedy College portal

If you are not correctly registered with Salford, any work that you complete with Robert Kennedy College cannot be submitted to an examination board, which may ultimately delay the award of any qualification to you.
